CIRCULAR

Sub: Implementation of NABH Accreditation – Reg.
-o-o-o-

This is for your information that the Pre Accreditation Entry Level certification, we obtained in the year 2018, has expired, since its validity is only 02 years. Now we are planning to go for Full Level accreditation assessment soon as per the NABH 5TH edition standards.

We are actively working for the same, we are strictly implementing policies and also renovating Operation Theaters to meet NABH standards. We are seriously thinking about corrective and preventive actions, suggested by various NABH Committees. We may put forward the application for assessment after 02 to 03 Months. We expect your co-ordination and Co-operation regarding NABH Accreditation process.
