Taste of food is not good

Food in not good

Need wifi network for better academic studies

Need network and need hot water drinking

Mess food is not good

Mess food is not well

Please provide adequate repairing required if any as soon as possible in the room.

(Eg:electrical/plumbing)

Bringing food only after its completion. It's not possible to wait for the food for 15-20 mins in the morning.

Please provide hot water drinking facility.

Please provide Wifi internet facility.

Can install water purifier

I may suggest hostel Wi-Fi and food quantity especially for non veg and panneer

Hot water for drinking and free wifi in hostel

kindly requesting to provide internet connection like broadband to hostel and please visit the hostel and ask our problems

Very poor

Kindly provide Wi-Fi as there is poor network

None

Add vegetables in daily food

Tv in hostel

Change mess menu

Need good breakfast and add some non veg items in menu

Overall a good hostel but

No drinking hot water is available in h block

Gate closing timing are changed everyday no proper timing is maintained

Cleaninh is not regular

Any complains , action is not taken immediately

Consider our feed back

Provide wifi facility

-Please give complete full day access to AC in girls premium hostel (They turn off the AC early and turn it on late)

-We do not get Internet signal in our hostel, please provide us with WiFi as we cannot access any study material etc.

-Please provide bigger rooms for double sharing AC (There is no space for desk or chairs)

-Quicker laundry service(they return our clothes later than given time)

-Please give us quicker biometric timing at night as some of us forget or accidentally fall asleep (preferably 9-9:30)

My things are often getting stolen even when i locked my room

Electrician work still pending in 508, no regular housekeeping

Mess-protein rich food inadequate

Hostel-window needs MOSQUITO mesh

Switch board is not fixed

Can improve the quality of food

Wifi facility is not available in hostel. Ac is not switched on and off at proper timings.

No mobile singnal/network in hostel.

We need free wifi network.

In mess please add some variety of foods,

Add egg for one more day in food menu

repairs for the damages after complaining takes so many days to rectify.

Quality of food need to be improved. Menu should be changed

Need wifi and improve mess good

Could be better if wifi facilities are given

Tower is very poor

Can't even contact my parents properly

Can't even message them due to poor internet connection

I am kindly requesting the respectable management to provide (at least in boys premium hostel) a adequate WIFI NETWORK

Which will we helpfully really thank you

1) Hostel rooms and bathrooms are not cleaned routinely.

2) kindly include fruits, vegetables and Fibre rich foods in the menu

I am kindly requesting the respectable management to provide atleast (In Boys Premium Hostel) adequate WIFI network which will be helpful really

- Thank you 🙏

Cold water dispenser

Free wifi

On Wednesday menu add chicken 65 or atleast add cauliflower for non-veg

Allow boys to park their bike inside hostel . For safety reasons.

Need to improve in food varieties
and quantity

Betterale convenient

Allowing to use Libraries

Laundry services can better and quicker without weight restrictions, cause collecting clothes of the required weight is not feasible with the amount of time taken to return the clothes. Access can be given to the ac all the time in the girls premium hostel as it is given in the non premium hostel. Wifi is required in the hostel, lift needs to maintained properly as it shuts down often in the premium hostel when there is going to a switch in the ac Generator. There is limited amount of snacks are given in the mess for eg one peice of cake which is not even big for a single person, the amt of food provided for the hostellers who mostly rely on mess for food can be improved.

Add wifi service in hostel and proper surveillance systems in parking areas

If we are complaining about something in the complaint note it is taking months to repair it.it will be good if they repair it on time

Very poor mess food

Change food menu in mess

Doesn't have mosquito nets in room the hostel administrator shanthi will not also allow anything and in mess even curry the mess workers are giving we can't take also snacks is wasted after because they will take and give little quantity

Can improve food in mess

Internet facilities , mess food quantity

In premium hostel the ac is turned off very early
Kindly keep it on till 7

.

Drinking water is not clean

WiFi

Poor

It would be nice if they provide us free wifi with good connection..biometric for each floor so that it would be easy to register after 10pm

Need a water dispenser

The menu can be change

Network must be improved.
Hygiene of the mess should be improved

Pls turn the ac on earlier

And

Water heater facility is poor

And

Pls ensure that plumbing and electricity work are done as soon as complaint given

-

One common fridge, wifi in hostel

In mess we can't even take adequate level of food the mess workers take and give us especially snacks we can't eat properly because of this and they force us to write good review for bad food

The light in my room needs to be fixed

Improve data facility in hostel and provide more workers for cleaning rooms

I am kindly requesting the respectable management to provide (at least in boys premium hostel) a adequate WIFI NETWORK Which will be helpful really
And please make some extra food for vegetarian
Thank you

Cleaning of room & toilet is not good & it's not regular..pls make sure of it.

Cold water dispenser

Cauliflower 65 for all the candidates 🙄

- 1.Hot water in H block for drinking

9. Kindly change the food menu in mess
10. The hygiene is not properly maintained at mess, insects , hair and sometimes plastic bags are in the food

Cold water dispenser

Rooms and toilet cleaning can be regular, quality of food has to be increased, menu in the mess can be updated, need of common room and study room in hostel,free wifi connect in hostel,fruits can be added in morning breakfast, if possible daily egg can be given either in morning or lunch

Room facilities are not good we need some changes

Bringing a refrigerator and availability of drinking hot water during all seasons in both hostels would be suggested

Nice

Drinking water is not clean and filtered properly in hostel premises, internet facilities is not available in hostel, accessibility to wifi isn't available in college and hospital premises. Bike and car parking to students isn't available, common parking(BDS parking) isn't safe,there is no safety and surveillance for the vehicles parked(easily getting stolen, damaged by the locals), Elevator for students isn't available in college premises, only 1 elevator is available which is always overcrowded though there is an provision for another elevator which isn't fixed yet. Drinking water facility isn't available at all floors of the college premises only at 2 floors which

is obviously not maintained. Overall due to poor maintenance of drinking water we students are easily prone to get affected by falling ill OFTEN(not occasionally). Security surveillance and support is inadequate, irresponsible and POOR.

Need WIFI connection in hostel for doing the academic works

Nil

Kindly improve food and add vegetables

Hot water for bathing takes time to come

It will be good if there is wifi available in hostel . Need wifi service. Drinking hot water in Girls non AC block is needed.

Hostel room and toilet to be clean properly

Overall not good,and need to improve

Everything is good 👍

Fair

Improve the food quality

Actions to the complaint are very slow . Should be fast as possible.Bathrooms and rooms are not cleaned frequently. They don't have adequate members for the cleaning purposes.The mess have always a stinky smell please tell them to clean properly, sometimes the plates will also be not cleaned properly.

Mess food should be improved

In case of food

They can avoid serving noodles,fried rice ,parotta... Every week instead please serve these foods monthly once ...

Please serve us vegetables and green leafy stuffs instead of those ...

I hope this will be considered.

Thank you.

Mess food is good if much better means it will be excellent

Imptove the mess food and give free wifi

Provide nice food

Wifi

Good food

Adequate quantity of food

I would be helpful if our hostel have wifi availability for us
